

Warranty and crash replacement regulations

1. Warranty

In addition to the statutory warranty, PI ROPE voluntarily provides a 3-year warranty on all material and manufacturing defects in PI ROPE spokes.

Conditions:

- All components must be installed and used in accordance with the installation instructions.
- Third-party components are covered by the respective manufacturer's warranty.
- Improper use, failure to observe operating instructions, improper repair, assembly, or maintenance, as well as damage resulting from improper storage (stub pattern, spoke crossings, spoke tension, incorrect torque, improper lubricants, etc.) are excluded from the warranty. .
- Ball bearings are wear parts and therefore excluded from the 3-year warranty.
- PI ROPE GmbH repairs or replaces in its sole discretion exclusively the PI ROPE product in question. Replacement will be made on the same model or on an equivalent alternative item.
- Warranty claims must be made in conjunction with the original purchase invoice (or a copy) from the dealer.
- PI ROPE GmbH is not liable for damages, in particular not for indirect damages, indirect damages and consequential damages.

2. Crash Replacement

PI ROPE offers a crash replacement for all PI ROPE components. In the case of a non-functional part due to a non-responsible fall or accident, we grant a special discount on the official list price for the same or equivalent product.

Conditions:

- Within 4 weeks from the date of purchase of the initial purchase, a registration must be made. This registration is done through a form provided on pirope.net. This form has to be filled out and sent together with the copy of the purchase receipt by mail to service@pirope.net. Subsequently, a confirmation will be sent by mail.
